

CCA PHOTO CONTEST

PHOTO CATEGORIES

CROP DIAGNOSTICS:

photos depicting crop production challenges, including nutrient deficiencies, disease, insect and weed challenges, and farmers/CCAs involved in crop diagnostics.

CROP PRODUCTION ACTIVITIES:

any farming activity involved in crop production, including seeding, spraying, and harvesting.

ELIGIBILITY

- All entries must be Canadian content.
- The contest is open to all Canadian CCAs except directors and employees of Annex Publishing & Printing Inc.
- Photos entered must not have been previously published.
- Individuals can only win once per category, but may win in multiple categories.
- Limit of five entries per category per entrant.
- Photos submitted become the property of Top Crop Manager and Annex Publishing & Printing Inc.
